Vogue & Creative

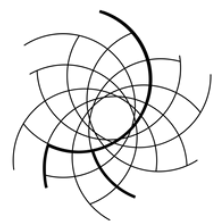

# INTRODUCTION

Rhizome Creative Studio is built around 3 talented key people: Ploy, Golf and Toey.

The studio was created in October 2021 in the heart of Bangkok. 3 main assets make our studio unique: artistic, linguistic (french/thai/english), and cultural skills. Within one year of operation, Rhizome Creative Studio has become a reference in artistic and visual creation.

Strong of its network of artists, the studio has been able to participate in multiple projects such as photo, video, casting, documentary, corporate as well as studio visual work.
